Coach King Says Michigan Will Not

Do Better Than Chicago.

Special to the Indianapolis Journal. BLOOMINGTON, Ind., Oct. 16.-The 'varsity men left this morning for Ann Arbor, where to-morrow they will play Michigan. The squad of sixteen men will reach the good night's rest before the contest and will go to the field none the worse for their long trip. The Michigan game is the hardest in the schedule, but the team is confident of making a good showing, although some of them are not in the best of condition. In speaking of the game Coach King said: "We will hold Michigan to as low a score as we did Chicago. It is hard to tell which team is stronger, Chicago or

better set of backs than Chicago has this year. Coach Herne had little to say in regard to the game and Captain Clevenger would make no prediction as to the score. The men in the squad were Clevenger, Knight, Coval, Jones, Johnson, Mendenhall, Bloom, Hare, Aydelotte, Dodson, Ross, Railsback, Wade, Smith, Long and Kent. Last year the Michigan score against Indiana was 60 to 0, which, although very high, was one of the best made against Michigan during the season, and was the second lowest at Ann Arbor.

De Pauw Expects Defeat at Notre Dame, but by a Small Score. Special to the Indianapolis Journal.

GREENCASTLE, Ind., Oct. 16.-De for Notre Dame for the game to-morrow with the expectation of being defeated, but by a small score. During the last week new men have been tried back of the line and in the meet with Notre Dame they will be given a chance to show their mettle, The line is strong and heavy, especially since Oncley was put in at guard. The ends are not as quick as Coach Berrien wants them but they do well.

The freshmen met this evening and chose purple and white as the class colors, elected Blanchard McKee, of Indianapolis, manager of the football and track team and is sued a challenge for a track meet with the sophomores.

As this is the first game of the State championship series great efforts have been made to run up a decisive score. The chief made number of changes in the line, all intended to strengthen the defense. Silver goes in at quarter, McGlew and McNerny at end, Donovan and Lonergan at back, with Shaughnessy at full, Ophelan and Beacom at guard, while Steiner and Cullinan are to play the tackles. Fansler and Draper are still too lame to be used. Nyere was called away yesterday but may return in time to get back at end. Haley's lame back will prevent his getting into the game. but Furlong will be tried in the second half at guard. Captain Salmon is well pleased nothing about big scores.

wards, Branigan, Burns, Silver and Pritchard-One Man Hurt.

Special to the Indianapolis Journal.

FRANKLIN, Ind., Oct. 16.-The Hanover College football team was defeated here this afternoon 12 to 0 by Franklin College. The contest was a kicking game throughout in which Branigan clearly outpunted Moore, of the visiting team. The game was devoid of sensational or spectacular with one of the secondary college teams or plays and consisted of straight football. Franklin was weakened by the loss of Captain Webb, who was injured in last Saturday's game, and the team was expecting defeat. However, it showed marked improvement since the Shortridge game, Surgeons and M. T. H. S.

but is still lacking in team work and quick, snappy playing. On the defensive Franklin showed up strong and the visitors were continually forced to punt. The visitors were crippled by the inability of Shanklin, Hanover's left end, to

play, but managed to play a good game. The visitors had a special formation for an end run which was very effective for a time, although their formation, like Franklin's, were rather slow.

The game was a clean exhibition, free from dispute and rough playing. line and Branigan returned the ball twenty vards. After two unsuccessful line plays, Branigan punted thirty yards. Hanover being unable to make any gains, necessary to win against Culver. Moore punted thirty yards to Branigan, who returned the ball twenty yards, and then kicked thirty-five yards. Franklin secured the ball on downs and Branigan failed in an attempt to drop kick goal. Wallace kicked off from the twenty-fiveard line and Branigan returned the ball fifteen vards, which was followed by a punt of forty yards, where the ball was downed.

Moore punted fifteen yards. Franklin then advanced the ball steadily by line plays until Silver was pushed across the line for a touchdown. Branigan kicked an easy goal. Score, 6 to 0. Branigan kicked off to Hanover's fiveyard line, where Moore returned the ball by a punt, which was again returned on a by Branigan. Hanover fumbled, Franklin getting the ball. Branigan hit the line for twenty yards. Line plays fol-

lowed until Silver was again pushed across the line for a touchdown. Score, 12 to 0. Branigan kicked goal. The rest of the haif was played in Hanover's territory, and it ended with the ball in Franklin's possession on the visitors' forty-yard line. The second half was purely a punting contest, both sides kicking on the first down. Branigan was the star in this half, his punts ranging from thirty-five to fifty yards. Franklin seemed able to penetrate the visitors line at will, but Captain Branigan seemed desirous of saving his men by playing a kicking game. Neither side scored in this half and it ended just as Franklin made a touchdown by a fortyyard punt by Branigan.

Green, Wallace and Edwards played the best game for the visitors, while Branigan, Burns, Silver and Pritchard played fine ball for Franklin. Captain Green, of Hanover, was severely injured by being kicked in the stomach near

TWENTY-ROUND FIGHT

Frankie Neil and Johnny Regan Go the Limit to a Draw.

Neil, of San Francisco, champion bantam

weight pugilist, and Johnny Ryan, of Brooklyn, fought twenty rounds to a draw to-night at Hazard's Pavilion. It was one of the fastest fights ever witnessed here. Both were willing to mix it at all times and the result was that the referee had plenty with the new line-up and is confident of of work to do in going between them. Neil winning the game, although he will say forced the pace at most stages, endeavoring time and time again to land his left ripping uppercut, but only once did he land fair and flush. It put Regan down and he took the count to get the rest. He got up immediately and put Neil down with a terrific left on the jaw. Regan's best blow was a right uppercut, and he repeatedly landed it on Neil's face and body. Neil started every round with a rush and several times carried Regan through the ropes, but each time he good-naturedly assisted the morning for Springfield, O., to meet the Brooklyn man to his feet. After the fourteenth round Neil fought desperately and at times wildly in his efforts to get in a knock-out punch, but Regan was too clever to be caught napping. BILE ENDURANCE RACE.

Under Ordinary Circumstances Nearly All the Cars Would Have Been on Time-Many Obstacles.

PITTSBURG, Oct. 16.-No official decision has been made in the automobile endurance run between New York and Pittsburg, which ended yesterday.

The following statement was issued to-day by the executive committee of the N. A. A. M.: "The rules of the endurance run provide that each contestant should be credited at the start with 3,000 points, representing approximately the number of minutes required to cover the full distance between New York and Pittsburg, by way of Cleveland, at legal speed, and that from that number there should be deducted one point for each minute or portion thereof a car some plays he has figured out under the new rules. Despite all obstacles, nine cars reached all of the garages on time or within a few minutes after the closing hour. The cars which met all of the requirements stated in their apparent order of merit were as follows: No. 10, operated by George Schules; No. 15, operated by Percy P. Pierce; No. 6, operated by P. H. Deming; No. 14, operated by Charles Sheppie; No. 5, operated by Webb Jay; No. 18, operated by Arthur Gardner; No. 16, operated by E. T. Fetch; No. 2, operated by B. B. Holcomb; No. 35, operated by F. B.

The total number of points lost by the nine cars was 3,558. Of these 2,552 were due to the cars themselves, 907 to tire trouble, and 129 to road construction, due to no fault of either the operator or the car. In addition to the competing cars the two pilots, which started daily from half an hour to two hours ahead of the main body, arrived in Pittsburg without a mishap and apparently in as good condition as at the start.

An examination of the cars is proceeding, and a report will be submitted to the management three or four days hence. The record of only 907 points lost through tire trouble is a splendid testimonial to the excellence of the American tires. Not a single foreign tire was used on any car in the run. Car No. 30, driven by W. H. Parkington, and No. 2, driven by Lawrence Duffie, arrived to-night, and with their registry the last of the racers are accounted for. No. 3 pion, has left John Heltz's string of fighters was the last to get in.

"As long ago as the first half of the last century this method of illustrating cenrifical force was put in operation by a Frenchman. In the beginning people were shy of trusting themselves to the car, but of sand hauled in safety they became bold enough to trust their persons to it, and the sport became one of the popular features served for the United States to popularize the diversion, and nowhere does the public Girl's Slayer Captured.

Harper's Weekly. Considering how much you have to pay for a good cigar, your property rights in the cigar you buy seem singularly restricted. Once you have got it lighted and between your teeth, you may smoke it in perfect security; but up to that time the government keeps a sharp eye on it. Club stewards and sperintendents, it appears, have lately received notice that they must not serve cigars on trays, but always in the boxes in which they come. If the club member does not go to the cigar stand and pick out his own cigar, the box must be carried to him. This new rule is a precaution against the practice of refilling boxes which have contained expensive cigars with cheaper ones, though it has been taken for granted hitherto that a club would not cheat its own members.
